

AI Use Disclosure

Why this survey? This disclosure form aims to *help us understand and reduce any potential risks* related to the use of AI tools in this course.

Please complete the survey **by yourself** and be **truthful**. *Using AI tools will not negatively affect your marks for the assignment/lab/etc.*

What do we mean by AI tools in this survey?

AI content generators refer to any tools that create any type of content, including (but not limited to):

- ChatGPT and all other large-scale language models;
 - Stable Diffusion and other AI-based Image Generators;
 - Code extensions for IDEs;
 - Other tools that are capable of generating text, image, codes, or any other content for the course work.
- BUT, Grammarly and other grammar checkers are NOT included.

6. Please explain your rating above regarding academic integrity of AI use for this submission. Why? (Write in 2-3 sentences) *

The use of AI in this submission is deemed 'Completely Acceptable' because it serves as a tool to augment the research and learning process without replacing the fundamental role of the student or researcher. AI is utilized responsibly as an aid for analysis, data processing, and enhancing the efficiency of study, which aligns with the principles of academic integrity. It supports the user in developing insights and completing tasks while ensuring that the final output is the result of the user's own understanding and intellectual effort.

7. How did using AI content generators impact **your learning** for this submission? *

	Greatly benefited my learning	Somewhat benefited my learning	Had no impact on my learning	Somewhat hindered my learning	Greatly hindered my learning	I did not use AI for this submission
Using AI content generators for this submission...	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

8. Please explain your rating above about AI's impact on your learning for this submission. (Write in 2-3 sentences, input N/A if you have not used any) *

Using AI content generators for this submission greatly benefited my learning by providing interactive examples and explanations which enhanced my understanding of complex concepts in Git, React, and Jest. It acted as a supplementary tutor, offering insights and clarifications that were instrumental in deepening my practical skills and theoretical knowledge in these areas.

9. For this submission, how would you rate the relative contribution made by your versus AI? *

	Entirely by myself, no contribution from AI	Mostly by myself, some contribution by AI	Evenly split between myself and AI	Mostly by AI, some contribution by myself	Entirely by AI, no contribution from myself	Fair

10. List all the **AI tools** AND the **specific prompts** you used for this submission (input N/A if you have not used any) *

"Create a React component that extracts color palettes from images."

"How can I use the ColorThief library to get a color palette from an image in a React app?"

"I need to convert RGB color values to HEX, CMYK, and HSL in JavaScript. Can you show me a function for that?"

"Can you help me write a function in React that saves the extracted color palette to the local storage?"

"How to implement a toast notification system in React for displaying messages like success or error?"

"Show me how to create a file upload button in React that accepts image files only."

"I need to write a React useEffect hook that updates the color palette when the number of colors selected changes or a new image is loaded."

"How can I add a loading state in React while the image is being processed for color extraction?"

"Guide me on how to create a conditional rendering setup in React to display different UI components based on the application's state."

"Demonstrate how to use React's useState and useRef hooks in a component that handles image files and color data."

11. How confident were you in AI's responses that you received? * 

- ☐ Confident
- ☒ Somewhat confident
- ☐ Neutral
- ☐ Somewhat not confident
- ☐ Not confident
- ☐ I did not use AI for this submission

12. How did you ensure the answer you received from the AI tool was correct? (input N/A if you have not used any) * 

To ensure the accuracy of the responses I received from the AI tool, I cross-verified the information with official documentation and credible sources. I also ran tests and reviewed the code snippets in a controlled development environment to confirm that they functioned as expected. Moreover, implementing the solutions and observing their performance in real-time helped confirm their correctness.

13. Did you at any point abandon using AI tools and seek other resources? Explain your answer. *

What made you abandon using the AI tool? Were you more successful using other resources? Input N/A if you have not used any

I did not abandon using AI tools entirely, but I supplemented them by consulting the official React and Jest documentation. The official documentation provided comprehensive and authoritative information that was essential for understanding the deeper aspects of React and Jest, which ensured that my implementation adhered to best practices.

14. For each of the following items, how would you rate the relative contribution made by you versus AI? * 

	Entirely by myself, no contribution from AI	Mostly by myself, some contribution by AI	Evenly split between myself and AI	Mostly by AI, some contribution by myself	Entirely by AI, no contribution from myself	Not applicable
